

DATA SHEET

Type: 20000081, Pull

Size: L20.5x W13x H10mm
Stroke:4mm
Duty cycle: Intermit
Span life > 500,000 times

Application:

- Voltage: 5V /12V DC, red / black lead wire (no difference of positive/negative)
- Connecting to power, plunger will pull in 4mm to open the lock. When power is off, plunger will extend out by spring.
- Connector PH 2.0/f

Technical Data

Voltage [V]	Currency [A]	Stroke [mm]	Force [g]	Max. Power On Time [sec]
DC 5	5.0	4	80	5
DC 12	2.0	4	80	5
